Dear Sirs

Alterego Construction & Interiors (Consultancy) Ltd

As General Manager within NHS Greater Glasgow & Clyde I have worked regularly with Alterego Construction & Interiors (Consultancy) Ltd over a number of years.

I have at all times found them to be exceptionally supportive of the complexity and unique challenges of an acute hospital setting.

Communication has always been good and they have demonstrated a high degree of flexibility across a range of projects in differing clinical environments.

I would have no hesitation in recommending Alterego Construction & Interiors (Consultancy) Ltd to any organisation considering their appointment.

Yours sincerely

Neil McCallum
General Manager
Rehabilitation and Assessment Directorate
