TO WHOM IT MAY CONCERN

Dear Sirs

Derek Bolton

I have known Derek Bolton since 2007, when my firm was appointed to provide professional services for NHS Greater Glasgow and Clyde, for whom he was acting as Senior Project Manager. Since then, I have worked with him as part of a professional team carrying out many construction projects for NHS, involving new build projects and alteration works in existing hospital buildings.

In my opinion, he is a very effective Project Manager. He is dedicated, extremely hard working, professional in his approach and well organised. He has very strong managerial and inter personal skills, and is a good problem solver. His track record in the procurement and delivery of projects is outstanding, having successfully completed many major projects under challenging budgetary and programme constraints.

In terms of his personal qualities, I would say that he is honest, reliable and loyal, and working with him has been rewarding and enjoyable.

I would have no hesitation in recommending him for any position involving the management of people or projects.

Yours faithfully
